CARPENTIER MAY BOX DEMPSEY IN RING IN EUROPE

Another Match Between the
Two in America Will Be a
Financial Fizzle, Sport
Followers Say.

(By The Associated Press.)

New York, Jan. 14 (By The Associated Press).—Ring followers conceding with Tex Rickard that another match in America between Jack Dempsey and Georges Carpentier will be a financial fizzle were inclined to believe today that such a scrimmage might be staged abroad with fair profit.

There have been reports from time to time that the Frenchman again might like to face Dempsey and this is confirmed by dispatches from Carpentier's camp abroad, after his victory over Cook, the Australian heavyweight. Dempsey's manager said the champion was ready to defend his title any time the guarantees were posted.

Dempsey's appearance might prove a strong drawing card abroad, for he would be at least an even money favorite against Carpentier.

If Georges stuck to his proposed plan of boxing Dempsey long range it is possible that European spectators would witness a longer contest than Carpentier has staged in the past.

Owing to financial conditions abroad, attendance and gate receipts would not likely approach those in Jersey City, Dempsey, however, has no worthy opponent for a bout next summer and might be willing to box abroad for considerably less than he received from Rickard for facing Carpentier.

DEMPSEY WILLING IF PURSE IS BIG ENOUGH

(By The Associated Press.)

Los Angeles, Calif., Jan. 14.—Jack Dempsey, heavyweight champion, will meet Georges Carpentier, European title holder, in London providing promoters for such a match would post "substantial guarantees," according to Jack Kearns, Dempsey's manager.

Kearns did not indicate whether he would be willing to accept an offer carrying a smaller purse than that put up by Tex Rickard at Jersey City.

Dempsey is ready to meet Carpentier or any other contender for the title. Kearns said, "but whoever promotes such a match will have to put up a guarantee suitable to us. Jack is also willing to have the bout staged in London or any place where conditions are favorable."

"You can also say," Kearns declared, "that these reports that Jack would retire from the ring after his next match are mere rumors. There is nothing to them at all."

COUNTY AGENTS TO WORK UNDER BETTER SYSTEM

County agents will act under a regular program for the present year, according to Home Demonstration Agent Maude Doty, who reported yesterday from the conference of county agents at the state college. Each agent was

contracted to accomplish a certain amount of work in a systematic way and to make regular reports. These reports will be filed at the state college and will afford correct data on crops, fruit and stock accomplishments during the year.

Numerous tests are to be made in all branches of agriculture and home economics and the state field will be well covered so that within a few years the state college will be better able to give authentic information to ranchers and farmers. Special pains will be taken with the tests in the hope of obtaining a general progress in agricultural results. County Agent Lee Reynolds was a member of the outline of the work for the year. He is expected to return from the conference either today or Monday.
